

I Am Alive

Miracle Of Sound

I'm pulling out of the panic

I'm kickin' out my despair

The suffering it won't eat me up no

Ain't gonna harden my stare

I got no time to be wretched

I'm breakin' out of the blues

The only time that you feel no fear is

When you got nothin' to lose

I am alive

There is a fire in me

Race for the line tonight

I am alive

You're coming higher with me

Race for the line tonight

I'm takin' over the tremors

They keep on shaking in vain

They can swallow the whole damn world and I'll be

Right here the punching the pain

I am alive

There is a fire in me

Race for the line tonight

I am alive

You're coming higher with me

Race for the line tonight

Get loose!!

Get rough!!

Yell if you've had enough!

I am alive

There is a fire in me

Race for the line tonight

I am alive

You're coming higher with me

Race for the line tonight

Get loose!! Get rough!!
