

# My Revolution

Miracle Of Sound

Voices joined will never tire  
Brothers all are we  
Streets they run with blood and fire  
The price of liberty

My revolution carries me  
In a moment lost in time  
My revolution sets me free  
I will flow across the lines

Bring out the brother in me  
I'm searching for unity  
Everything is changing  
Inside of me  
The city's under my feet  
The ruins of the elite  
Everything is changing  
Inside of me

Secret truths are buried deep  
Two fathers on two sides  
With every lunge and every leap  
Closer to my kind

My revolution carries me  
In a moment lost in time  
My revolution sets me free  
I will flow across the lines

Bring out the brother in me  
I'm searching for unity  
Everything is changing  
Inside of me  
The city's under my feet  
The ruins of the elite  
Everything is changing  
Inside of me

Révolution dans les rues  
Je vois le chaos en dessous  
La justice est une rivière rouge  
Je te cherche, où es-tu?

My revolution carries me...  
My revolution sets me free...

My revolution carries me  
In a moment lost in time  
My revolution sets me free  
I will flow across the lines

Bring out the brother in me  
I'm searching for unity  
Everything is changing  
Inside of me  
The city's under my feet  
The ruins of the elite

Everything is changing  
Inside of me

My revolution...  
It's gonna carry me  
Carry me

Révolution dans les rues  
Je vois le chaos en dessous  
La justice est une rivière rouge  
Je te cherche, où es-tu?
