

Never Alone

Miracle Of Sound

The beating of a lonesome heart
On a battered and barren road
Together though we're worlds apart
In unison bear the load

But we will never hold the weight
If we can not communicate
Pass it on
Not yet gone
And we will ever isolate
If we can not communicate
Pass it on and on

Tearing down the walls
Listen to eachother
Hope is there inside us all
We're sisters and we're brothers
But we're never ever gonna
Make it better alone
No we're never ever gonna
Make it better alone

The clouds are getting colder
Time and terror block out the sun
We're fragile, growing older
There's no solace here for the young

And we will never recreate
If we can not communicate
Pass it on
Not yet gone
And we ain't making nothing great
If we can not communicate
Pass it on and on and on

Tearing down the walls
Listen to eachother
Hope is there inside us all
We're sisters and we're brothers
But we're never ever gonna
Make it better alone
No we're never ever gonna
Make it better alone

Na na na na
Na na na na na
Na na na na
Never alone

Oh we are not yet gone
You're never alone

Come back together
So many lonesome hearts
Come back together
And we will never be apart again
You're never alone
