

# Resistance

## Miracle Of Sound

Sink into the peaceful sea  
In blue become a shade  
Years they sleep inside a moment  
Wake upon a blade

Resist - remain  
Shaken from the still  
Resist - remain  
No more time to kill

Breaking out through the doors  
Is there nothing worth saving anymore?  
Split the pillars of war  
Is there nothing worth saving anymore?

Hope is an ember in the dust  
Spark of resistance will combust

Brothers burn the bonds of order  
Sisters slash the chains  
Concrete titans scar the skyline  
Rotten to the grain

Resist - remain  
Flawless has no face  
Resist - remain  
Rightness has no race

Breaking out through the doors  
Is there nothing worth saving anymore?  
Split the pillars of war  
Is there nothing worth saving anymore?

Hope is an ember in the dust  
Spark of resistance will combust

RESIST

Breaking out through the doors  
Is there nothing worth saving anymore?  
Split the pillars of war  
Is there nothing worth saving anymore?

Hope is an ember in the dust  
Spark of resistance will combust

RESIST  
Resist - remain
