

Trip to Vegas

Miracle Of Sound

I'm gonna take a trip to Vegas
With my two favourite friends
I got my .44 and bullets galore
And caps-a-plenty to spend
I got the courier blues
And a real short fuse
It's a hell of a message I send

I'm gonna take a trip to Vegas
Goin' huntin' down on the strip
I got a bet to make on a real big stake
Throwin' down my platinum chip
So if I cross your trail
Better turn your tail
Boy you ain't gonna give me the slip

I broke every Casino
Freeside to Primm to Reno
Won't stop until I get my prize...

I'm gonna chase you down in Vegas
At the end of a lonesome road
My Pip-boy's laggin' and the screens are draggin'
And it takes forever to load
I've fought a thousand thugs
And a million bugs
Boy you're just another glitch in my code

I broke every Casino
Freeside to Primm to Reno
Won't stop until I get my prize...

OH YEAH!!!

Cha Cha Cha!!

I'm gonna take a trip to Vegas
With my two favourite friends
I got my .44 and bullets galore
And caps-a-plenty to spend
I got the courier blues
And a real short fuse
It's a hell of a message I send - send - send - send-

Goddamn it, not again.
