

Welcome To The Family

Miracle Of Sound

Roam in the narrows
Hum the cells a dirge
Mold in the marrow gonna
Melt and merge
Old throat croonin' on the balcony
Welcome to the family

Oh daddy there's a guest in the basement
Oh daddy can we see
Go tell 'em that the guest room is vacant
Welcome to the family

Wind through windows down the halls
Let the dank in
Paint scales strippin' from the walls,
Somethin' sank in
Homegrown lovin' hospitality
Welcome to the family

Oh daddy there's a guest in the basement
Oh daddy can we see
Go tell 'em that guest room is vacant
Welcome to the family

One more at the table
Get it down, down, down

Oh daddy there's a guest in the basement
Oh daddy can we see
Go tell 'em that the guest room is vacant
Welcome to the family
