

Million Miles

Mirah

I'm far away
& I'm feeling alone.
I've got one week behind me,
Just six more to go.

If I could see you I'd take off your clothes,
And we'd lie in the garden & watch the weeds grow.

& the grass is so high.
I can't see over.
& the moon is so full.
It's setting the stars all on fire.

If they build the dam
Any higher
They're gonna back up
The creek
& set this whole place under water.

The city is a million miles away.
The city is a million miles away.

I lie awake and think of you.
The floods and fires might be coming through,
But you know just what to do.
Yeah, you know what just to do.

I lie awake and think of you.
The floods and fires might be coming through,
But you know just what to do.
Yeah, you know what just to do.
