

# Everything That Touches You

Mireille Mathieu

You say you're all alone  
With visions all your own  
The things you feel  
Nobody feels the same  
But you know me and you know what I've been through  
And everything that touches me touches you

Friends along the road  
May lighten up your load,  
By saying what they think  
You want to hear  
But I only tell you  
When I feel it's true  
Cause everything that touches me  
Everything that touches me  
Everything that touches me touches you  
Everything that touches me touches you

Share, cause I can't take you there  
Unless I know the part of what you thinking  
Care, God, it's only fair  
Darling, can't you feel my heart is breaking  
Breaking

Everything that touches me ...  
Everything that touches you ...  
Everything that touches you ...  
Everything that I can do  
Everything that touches me touches you  
Everything that touches me touches you
