

I Love You Like A Fool

Mireille Mathieu

I love you like a fool who sends letters every day
To someone who doesn't even know I send them anyway
I love you like a fool who waits for romance to begin
With someone who never let me in
I love you like a fool

So don't wake me
Don't take me through
These foolish dreams are all I have
To feel I'm close to you

So don't wake me
Don't shake me up
On the broken heart is stranger
That you've never thinking of

So don't wake me
Don't shake me up
I'm the broken hearted stranger
You're never thinking of

I love you like a fool who sends letters every day
To someone who doesn't even know I send them anyway
I love you like a fool
I love you like a fool

I love you like a fool who waits for romance to begin
With someone who never let me in
I love you like a fool
I love you like a fool
I love you like a fool
I love you like a fool
