

# It's Beginning to Feel Like Love

Mis-Teeq

When we met I was a shy kinda girl  
I had no worries, not a care in the world  
You take me places I would never have dreamed  
And now I'm losing all control so it seems  
I'm so glad I found you

I can hardly get to sleep  
You're in my mind it's getting deep  
That first stage clue  
I'm crazy for you  
When my feelings start to show  
When my body tells me so  
I know it's true  
It's beginning to feel like love  
Beginning to feel like love  
Like the sun on my skin on a hot summer's day  
Like a song in my head that won't go away  
Like a smile on my face cause you make me happy, ohhhh

Everyday feels special jus like the first  
You caught me by surprise I thought love would hurt  
I'm ready for whatever you got to give  
And I'm not looking back no more I wanna live  
And I'm so glad I found you

I can hardly get to sleep  
You're in my mind it's getting deep  
That first stage clue  
I'm crazy for you  
When my feelings start to show  
When my body tells me so  
I know it's true  
It's beginning to feel like love  
Beginning to feel like love  
Like the sun on my skin on a hot summer's day  
Like a song in my head that won't go away  
Like a smile on my face cause you make me happy, ohhhh

Baby now I'm loving you (I love)  
I know what I gotta do  
There ain't no life here without you  
I'll build my whole world around you  
So now I make you a promise  
Stay true be faithful and honest  
Let's take this journey together  
For worse or for better

I can hardly get to sleep  
You're in my mind it's getting deep  
That first stage clue  
I'm crazy for you  
When my feelings start to show  
When my body tells me so  
I know it's true  
It's beginning to feel like love  
Beginning to feel like love  
Like the sun on my skin on a hot summer's day

Like a song in my head that won't go away  
Like a smile on my face cause you make me happy, ohhhh

Can't run can't hide feels right how I'm loving you
