So Much Trouble

Misha

I cannot recall the last time
The time we laughed
I cannot recall when you last held my hand
I do recall when we got into a fight
And you got so mad
I do remember when you said
What you said

Do you recall the good times
We spent together
Do you recall
When I called you all excited
We wanted all we could give
We could give each other
You do remember when I said
What I said

Why do we have people
Why do we have people
Why do we have people
Why do we have people, oh

Why do we have people lying to each other
Why do we have people shooting at each other
Why do we have people fighting each other
Why do we get so much trouble
Why do we have people lying to each other
Why do we have people shooting at each other
Why do we have people fighting each other
Why do we get so much trouble

You spend your time alone
I'm trying to get back to you
It's not working anymore
Your words are strong, ironic said
Why does it have to go
All the way down from the top
Why should we be together
When you just walked out my door

Do you recall the good times
We spent together
Do you recall
When I called you all excited
We wanted all we could give
We could give each other
You do remember when I said
What I said

Why do we have people
Why do we have people
Why do we have people
Why do we have people, oh

Why do we have people lying to each other
Why do we have people shooting at each other
Why do we have people fighting each other

Why do we get so much trouble
Why do we have people lying to each other
Why do we have people shooting at each other
Why do we have people fighting each other
Why do we get so much trouble

I don't want to be bad
I don't want to be bad
I don't want to be bad
I don't want to be bad
I don't want to be bad
I don't want to be bad

Lying wasn't my intention
Fooling you wasn't my intention
No, it wasn't in my nature
Lying wasn't my intention
Fooling you wasn't my intention
No, it wasn't in my nature
...

Lying was no way, lying was no way…
