

Escape

Mishon

Girl, don't hesitate
Baby, don't hesitate, yeah
Baby, don't hesitate, yeah
Baby, don't

There's a lot on your plate
Got some shit you can't take
It's never too late
I'll be your escape
Make no mistakes
Just say "on my way"
I'll carry your weight
Let me be your escape
Yeah...

Got a couple days till you go back to school
Where you tryna go, and what you tryna do?
Ain't no pressure, shawty, we could bust a move
[?] ass-kickin' like some kung fu
I got real niggas in high places, too
I don't do no cripplin' [?] that thing in blue
In that little city, it ain't shit to do
Bring that ass to the west, I'ma bust it through
Take you out to [?] we can go get some food
All up in AOD 'cause she like pussy, too
Got a couple [?] for you that I'ma introduce
Baby, 'cause I'm a real nigga through and through

There's a lot on your plate
Got some shit you can't take
It's never too late
I'll be your escape
Make no mistakes
Just say "on my way"
I'll carry your weight
Let me be your escape
Yeah...
