

Do I keep chasin'?
Body and soul in the matrix
Do I escape?
What's on the other side waitin'?

Holdin' my breath and I'm jumpin' in
[?] for every sin
Pussy and gin be my favorite mix
Save up so we can go buy a crib
Stick to the plan, don't be breakin' it
Can't stick around just to babysit
I'm on the search for true happiness
This ain't for a night, I don't play that shit
I go in one ear and out the other
You only listen occasionally
I should go promo my latest hit
But I'm too busy writin' the realest shit
I was broke, I went and fixed that shit
But money don't fix every fuckin' thing
So many people be fakin' it
But I love too hard and they take advantage

So I'm not too sure if I'll ever love again, babe
I should get out more, at least that's what all my friends say
No, I'm not too sure if I'll ever love again, babe
I should get out more, at least that's what all my friends say

Do I be patient or do I keep chasin'?
It's up in the air right now
The money she make, it's no exaggeration
It's up in the air right now
Not really sure if we livin' or dyin'
It's up in the air right now
Not really sure if we livin' or dyin'
It's up in the air right now

Do I keep chasin'?
Body and soul in the matrix
Do I escape?
What's on the other side waitin'?
