

# Love Alone

miss A

I don't wanna be in love alone  
Wanna give you my heart  
But you can't be playin' cause  
I don't wanna be in love alone  
See me falling yeah but I can't be the only one  
Cause I don't wanna be in love alone  
So give it to me straight know you feeling me baby  
No I don't wanna be in love alone  
All on my body and I just can't take it.

Heart racing it's amazing  
The way you got me off on my game  
No secret ima go head and say it  
Ya lovin' got me feeling this way (yeah yeah)  
If it's an illusion  
I need you to tell me now  
No room for confusion  
I need you to let it out!

I don't wanna be in love alone  
Wanna give you my heart  
But you can't be playin' cause  
I don't wanna be in love alone  
See me falling yeah but I can't be the only one  
Cause I don't wanna be in love alone  
So give it to me straight know you feeling me baby  
No I don't wanna be in love alone  
All on my body and I just can't take it.

Staring into space  
Thinking about the way you  
Been having me calling your name  
Get distracted hard to focus  
Boy you know you got me open  
Wanna know  
If it's an illusion  
I need you to tell me now  
No room for confusion

I need you to let it out!

I don't wanna be in love alone  
Wanna give you my heart  
But you can't be playin' cause  
I don't wanna be in love alone  
See me falling yeah but I can't be the only one  
Cause I don't wanna be in love alone  
So give it to me straight know you feeling me baby  
No I don't wanna be in love alone  
All on my body and I just can't take it.

(Oh ooh oh ooh oh baby let me know)  
Whatever you wanna do  
(Yeah yeah)  
(I can make it yours If you ready for it)  
But you gotta be true  
Cuz I

I don't wanna be in love alone  
Wanna give you my heart  
But you can't be playin' cause  
I don't wanna be in love alone  
See me falling yeah but I can't be the only one  
Cause I don't wanna be in love alone  
So give it to me straight know you feeling me baby  
No I don't wanna be in love alone  
All on my body and I just can't take it.
