

# Ba Ba Ba

Miss Li

Ba ba ba ba ba ...

Come here, please forgive me now  
Don't know if I dare to try  
Come here, let me turn you by  
Don't wanna cry again  
Come on, let me kiss you now  
Don't know if I dare to fly  
Come on, let me turn you by  
Don't wanna cry

I don't wanna break your heart  
I just want a brand new start

Ba ba ba ba ba...

Come here, don't be stiff and proud  
It wasn't me who did the crime  
Come here, it's hurts so bad inside  
Guess what it's like for me  
Come on, let me do you right  
Well I didn't start the fight  
I know, and I promise to be kind  
Make up your mind

I don't wanna break your heart  
I just want a brand new start

Ba ba ba ba ba...

Let's breaking each others heart  
We both want a brand new start  
Lets forget about the pain  
We both know our love will last

Come on! Ba ba ba ba ba...
