

I'm Glad I'm Not a Proud American

Miss Li

Sometimes I'm stupid enough
to take the car to the bus stop
right outside the door to the light

yeah, and...

And sometimes I watch all these
stupid TV shows
though I...
though O-o-o- I know that I get mad

No I'm not proud of it
no, but..
you see...

That I am glad I'm not a proud American
Proud that I don't need a gun
Yes I am another one
to be in love with lonely sun

I'm not weak or stupid though
I'm glad I'm not like you are
I take responsibility to save this lost humanity

Once I didn't feel bad
no I didn't give love or money, no
to the ones who really need

I was reading every day
about being someone
Why did I choose to be an add

I'm glad I'm not a proud American
glad that I don't own a gun
Yes I am another one
to be in love with lonely sun

I am not a mass murderer
Glad I'm not like you are
I take responsibility to save this lost humanity
To save this lost humanity
yes save this weak humanity
Save this lost humanity...
