

Descending Discovery

Miss May I

Go live by yourself.
You can't find which side to fall from.
A broken open scar.
No one can hear you.
No one can hear you when you celebrate.
Celebrate.

You will discover.
You will discover me.
I will show you.
I will show you.
No one needs to be.
No one needs to be.
You will discover me.

Is this what you wanted?
Is this where you wanted to find me?
Now I've finally opened your eyes.
Will you watch me fall from the open?
This is what it takes for you to see?
I can't believe.
I can't believe it came to this.

You will discover.
You will discover me.
I will show you.
I will show you.
No one needs to be.
No one needs to be.
You will discover.
You will discover me.
