

Wish I Could

Miss Montreal

(Ooh ooh ooh ooh)
So I know it's there
I see it sometimes
Far so far away

I've been wondering for so long
I gotta stop stop stop stop waiting

Now my heart still beats for only one
Feeling like I never should
Oh, I wish I could
Now my heart still beats for only one
Feeling like I never should
Oh, I wish I could

Wish I could
(Ooh ooh ooh ooh)

Now I feel it's close
I see it clearly
And I want to close my eyes
If this is all I get get get
I gotta stop stop stop stop waiting

Now my heart still beats for only one
Feeling like I never should
Oh, I wish I could
Now my heart still beats for only one
Feeling like I never should
Oh, I wish I could

Wish I could
Ooh ooh ooh ooh

I've been holding back too long
Getting harm before it's gone
Can you hear it beat it up
Get it on before it's gone
I've been holding back too long
Get it on before it's
I can feel
Feel yeah!

Now my heart still beats for only one
Feeling like I never should
Oh, I wish I could
Now my heart still beats for only one
Feeling like I never should
Oh, I wish I could

Wish I could

Now my heart still beats for anyone
Feeling like I never should
Oh I wish I could
Wish I could

(Ooh ooh ooh ooh ooh oh)
