Here And Now

Missing Persons

Here we are in the here and now All i can see is what's in front of me All i know is what you tell me know I know is what you tell me now So tell me now

I'll continue on i know somehow can't remember how it felt just then Can't seem to remember when Can't seem to remember when Even then

Did it feel like it should? Did it feel really good? Want to be back there now Wish i could and you would

Wonder if you held me tight and did you shield me from my fright? Where are you now? Where are you now... are you now?

All i can see is what's in front of me All i know is what you tell me now It doesn't seem the same somehow
