

## If Only For The Moment

Missing Persons

You try to live up to what others believe  
Till you conquer all your fears and just find what you need  
In the time that it takes to settle for less  
You could have done with what you thought would be best  
You set your ideals with the truth that you see  
Nothing turns out quite the same as you thought it would be  
Counting the times that you've said what you mean  
All the reasons to forget what you want to believe

And you know what I'm thinking now  
If only for the moment

All that you think has meaning for you  
Excuses are many when you seek what is true  
You live in your thoughts and believe you are right  
Till what you foresee is brought into sight  
You set your ideals with the truth that you see  
Nothing turns out quite the same as you thought it would be  
Counting the times that you've said what you mean  
All the reasons to forget what you want to believe  
All the reasons to forget what you want to believe
