

# Old School Joint

Missy Elliott

Flip da beat  
Oh yeah I'm feelin this one  
You remember back in the old school days  
You used to have joints like this  
and you'd be up in the club dancin like your moms and your pops  
Hehe, I know y'all know what I'm talkin about  
So we gon' flip it like this, ooh, ooh

Before you take me out let's, have a conversation  
No touchy touchy cause it might lead to havin relations  
Let's get to the point, boy, no abbreviations  
Don't wanna give it up too quick, I wanna build up anticipation

Once you get me will you know how to act  
Will you do me right (Ooh, I need to know, I need to know)  
Once you get me will you keep my pockets fat  
Keep me lookin tight (Ooh, yeah)

I wanna give it some time and, get to know eachother  
Let's be friends before we think about being lovers  
Ain't no need to rush it, if this is forever  
If you wait on this love, I promise it'll get mo' betta and bet  
ta

Flashlights (flashlight)  
Neon lights (neon light)  
Party rides, all night  
Love me right, keep me lookin tight (lookin tight)  
So nice (so nice)  
That's what I's like

[Chorus - repeat 2X]
