

You don't have to be born into success
To get the blood pumping underneath my summer dress
You don't have to try so hard, I'm impressed
Sweep me off the floor, baby, you the best

My eyes lie low when you walk in the door
It's a Hollywood moment, I like it
All this time with my head in the sky
Didn't see what was in front of my eyes

If we never make it, I'm okay with it
I'm your Juliette, you're my Brad Pitt
Dancing in the moonlight you look so fit
I'll keep spinning around for ya, spinning around for ya
If we fall in love, can we make it stick?
I'm your Juliette, you're my Brad Pitt
Sing me any song, baby, it's a hit
I'll keep spinning around for ya, spinning around for ya

My eyes lie low when you walk in the door
It's like high school, you don't really mind it
All this time you've been searching for light
Don't you know that we already shine?

And if we never make it, I'm okay with it
I'm your Juliette, you're my Brad Pitt
Dancing in the moonlight you look so fit
I'll keep spinning around for ya, spinning around for ya
If we fall in love, can we make it stick?
I'm your Juliette, you're my Brad Pitt
Sing me any song, baby, it's a hit
I'll keep spinning around for ya, spinning around for ya

I know that this world is for us
You know that this world is for us
They can't take it away from us
You know better, you know

If we never make it, I'm okay with it
I'm your Juliette, you're my Brad Pitt
They're the humans, we are the monolith
And I'll keep spinning around for ya, spinning around for ya
If we fall in love, can we make it stick?
I'm your Juliette, you're my Brad Pitt (I'm your Juliette, you're my Brad Pitt)
Sing me any song, baby, it's a hit
I'll keep spinning around for ya, spinning around for ya

I'll keep spinning around for ya, spinning around for ya
I'll keep spinning around for ya, spinning around for ya
I'll keep spinning around for ya, spinning around for ya
I'll keep spinning around for ya, spinning around
