

Goosebumps

MØ

Fold up the blinds
Spit out the wine
It's getting harder to see
Panic attacks
And goodie bags
It's getting harder to breathe

How do you do
It's been a good while since I've seen ya
We're getting older
Are we?

Passing' the time
Looking for signs
Up in the stars watching over us

Oh come on easy rider
Lift your voice up to the sky
I know it's been a while now
But don't let the fear eat up your mind

I remember you
Uh, uh give me goosebumps
Just like when we were young
I was in love with you
Uh, uh gave me goosebumps
I still get it
When I think of you

Beautiful dreams
When we were teens
All of them swim in the river
Go make a splash
Wash out the past
Tell the misses you forgive her

I never thought
Something could hurt as much as it does
When love is over
But it does

Shake me alive
Swallow your lies
Come on and show up
Release your hunger into the world

And come on easy rider
Lift your voice up to the sky
I know that it's been a while now
But you're a star come let it shine

I remember you
Uh, uh give me goosebumps
Come lease your glowing sun
I was in love with you
Uh, uh gave me goosebumps
I still get it

When I look at you

So come on easy rider
Lift your voice up to the sky
Yeah come on easy rider
Lift your voice up to the sky

And give me goosebumps
Give me goosebumps
Get yourself back in the moment baby
Give me goosebumps
Give me goosebumps
Yes

I remember you
Uh, uh give me goosebumps
Just like when we were young
I was in love with you
Uh, uh gave me goosebumps
I still get it
When I think of you

So come on easy rider
Lift your voice up to the sky
Yeah come on easy rider
Free your body from your mind
