

If It's Over

MØ

Finally coming down off of all that hurt
Got a fresh new sight now I really don't see ya, now
And you can call me late, any time you like
I'm just living for me but a little more vicious, oh

You would think life is a beach
You just need a pool and a Swisher
Try to delegate what you mean
Baby, be a freak
Show 'em what you really wanna be
Don't come crawling to me
'Cause I'ma let you crawl
Yes, I'ma let you crawl

If it's over, then it's over
If it's over, then it's over
If it's over, then it's over
I'ma let you go
I know, I know
If it's over, then it's over
If it's over, then it's over
I'm not tryna win you back
Going back, going back, going back
I'm running back
If it's over, then it's over
If it's over, then it's over

Yeah, it's way too early just to be friends
Sending me a pic saying, "Come and get it"
All he wanna do is party and bullshit
All he wanna do is turn down on his friends
Now you're all alone, now you see how it feels
And I could have any type of boy that I feel
All he wanna do is get back with me, but I
Cannot go back, no, oh, baby

You would think life is a beach
You just need a pool and a Swisher
Try to delegate what you mean
Baby, be a freak
Show 'em what you really wanna be
Don't come crawling to me (On me)
'Cause I'ma let you crawl
Yes, I'ma let you crawl (I'ma let you crawl)

If it's over, then it's over
If it's over, then it's over
If it's over, then it's over
I'ma let you go
I know, I know
If it's over, then it's over
If it's over, then it's over
I'm not tryna win you back
Going back, going back, going back
I'm running back
If it's over, then it's over
If it's over, then it's over

Yeah, yeah, yeah, yeah
Yeah, yeah, now it's over baby
C-call for the last time baby
I'm numb, oh
Yeah, yeah
Now it's over baby
I just booked a flight, East Coast, for the closure, uh
I don't wanna think about memories and pictures and arguments
Good times and bad times
And different on and on and I don't know you
It's over, it's over, it's over, it's over

If it's over, then it's over
If it's over, then it's over
If it's over, then it's over
I'ma let you go
I know, I know
If it's over, then it's over
If it's over, then it's over
I'm not tryna win you back
Going back, going back, going back
I'm running back
If it's over, then it's over
If it's over, then it's over
If it's over, then it's over
I'ma let you go
I know, I know
If it's over, then it's over
If it's over, then it's over
I'm not tryna win you back
Going back, going back, going back
I'm running back
If it's over, then it's over
