

## Linking with You

MØ

On my own  
Pretending that I'm not at home  
Act like I don't check my phone  
Every time I get a minute  
I'm checkin' for it to become Friday  
Don't wanna seem overexcited  
I wanna play the game as you like it  
Be the one to take it easy

But you don't know that  
(All that I do)  
All that I do  
(All that I do)  
All that I do  
(All that I do)  
Is dream about linking with you  
Oh!

Oh!  
(Oh, oh, oh)

Another day  
Your face is so in my way  
I'm thinkin' about what to say (yeah)  
When I see you in the weekend (oh, oh)  
And if the world's interchanging  
I wouldn't know 'cause I've just been waiting  
For you to give me some attention (hey, hey)  
Man, I thought that I was special

Don't you know that  
(All that I do)  
All that I do  
(All that I do)  
All that I do  
(All that I do)  
Is dream about linking with you  
Oh!

Oh!  
Oh, oh, oh  
(All that I do)  
All that I do  
(All that I do)  
All that I do  
(All that I do)  
Is sit around dreamin' 'bout you

(I can't come out to play)  
(I'll be on my phone all day)  
(I can't come out to play)  
(I'll be on my phone all day)  
(Scrolling all my time away)  
Thinkin' about what to say  
(I can't come out to play)  
Thinkin' about what to say  
(I'll be on my phone all day)

Think about what to say  
(I can't come out to play)  
(I'll be on my phone all day)  
(Scrolling all my time away)  
(Oh, oh, oh, oh)  
Thinkin' about what to say  
Oh, oh, oh, oh

(All that I do)  
All that I do  
(All that I do)  
All that I do  
(All that I do)  
Is sit around dreamin' 'bout you  
(All that I do)  
All that I do  
(All that I do)  
All that I do  
(All that I do)  
Is dream about linking with you

(I can't come out to play)  
(I'll be on my phone all day)  
(I can't come out to play)  
(I'll be on my phone all day)  
(Scrolling all my time away)  
Thinkin' about what to say
