

# Waste Of Time

MØ

Snow falls, somehow  
It doesn't melt boy when it hits you, why?  
All this life I've been drowned by confusion

What'd you wanna, slowly losing my one love  
See, I told you you were gonna  
Break my heart on the winter night  
Is that what you wanna?  
Say the word and I'll be gone  
I told you I was gonna lose you to the blue

Where is the love we had, love we had?  
Where is the love we had?  
Ooh, what a waste of time  
Why does it hurt so bad, hurt so bad?  
Why do you always make me cry?  
Ooh, what a waste of time

You said I was your beat, what the fuck!  
Ooh, what a waste of time  
Now I'm just your bitch, what the fuck!  
Ooh, what a waste of time

Wildest storm how  
I'm walking on the glass of your broken vows  
Well, what a scene  
We were straight fooled by youth, okay

What'd you wanna, slowly losing my one love  
I, I told you you were gonna  
Take a run on a winter night  
Is that really what you wanted?  
Say the word, say the word  
I'da told you I was gonna  
Losing you to what's cruel

Where is the love we had, love we had?  
Where is the love we had?  
Ooh, what a waste of time  
Why does it hurt so bad, hurt so bad?  
Why do you always make me cry?  
Ooh, what a waste of time

Where is the love we had, love we had?  
Why do you always make me cry?  
Ooh, what a waste of time

You said I was your beat, what the fuck!  
Save it for the girl you like.  
Ooh, what a waste of time  
Now I'm just your bitch, what the fuck!  
Ooh, what a waste of time
