

# Youth Is Lost

MØ

Youth is lost  
Life's a rush  
Kiss me here in the dandelions  
You're my one true crush, crush

You only get the drama you create yourself, yeah  
And you're like poetry, I know your writings well, yeah, sweet  
(Ah hey-ey yeah)  
Don't you wanna watch us taking wings and fly?  
You can't fool me, I've seen dream in your eyes  
Seen the star vision, come and ride with me, yeah  
And take me to the sunny side

Youth is lost  
Life's a rush  
Kiss me here in the dandelions  
You're my one true crush  
Feel my pulse  
Dangerous  
Kiss me here in the dandelions  
You're my one true crush, crush

Don't keep me in the dark, play a song for me now  
Go make the autumn wind seem like a warm breeze, yeah, right  
The cross you bear is mine to bear as well, you know, yeah  
Don't you fetishise it, it'll make it grow  
Into star powder, you don't want that, baby  
'Cause you're too old for that shit now

I went to the beach, yeah (I went to the beach, yeah)  
It was a summer's eve, yeah (Summer, summer's eve, yeah)  
And colours they were deep, yeah  
Like Ariel, I was speechless  
Watching waves crashing  
It reminded me of you  
And Venus in her shell  
And then I sang to myself  
I sang to myself

Youth is lost  
Life's a rush  
Kiss me amongst the dandelions  
You're my one true goddess  
Feel my pulse  
Dangerous  
Kiss me beneath the dandelions  
You're my one true crush, crush

Youth is lost (You know youth is lost now)  
Life's a rush (Yeah, you know that it is)  
Kiss me here in the dandelions  
You're my one true crush  
Feel my pulse (Feel my pulse now)  
Dangerous (Dangerous)  
Kiss me here in the dandelions  
You're my one true crush, crush
