

## Seven Seas

### Mob Rules

Wisdom comes and childhood goes  
Time goes by, intentions grow

I left my home. I changed the earth with water  
miles from hometown, left son and daughter

I sailed seven seas  
I gave my life to the ocean  
Searched for seven keys  
On my way to you

I sailed the seven seas  
I gave my life to the ocean  
Searched for seven keys  
On my journey back to you

No horizon, big black holes  
stormy wind, the sea is cold

I left my past, I choose the truth of water  
Lost my memories, no son no daughter

I sailed seven seas  
I gave my life to the ocean  
Searched for seven keys  
On my way to you

I sailed the seven seas  
I gave my life to the ocean  
Searched for seven keys  
On my journey back to you

I left my home, I changed the earth with water  
miles from hometown, left son and daughter

I sailed seven seas  
I gave my life to the ocean  
Searched for seven keys  
On my way to you

I sailed the seven seas  
I gave my life to the ocean  
Searched for seven keys  
On my journey back to you
