

# The Healer

## Mob Rules

Find myself in times of twists and turns  
Lost my place of inside rest  
I light a flame which did not really burn  
Feed my soul with emptiness

I'm watching the things go wrong  
I'm losing my faith  
Mistrusting the signs around

Healer - (has) the right to perceive  
I'm in need of a healer cause my pain will go on

Can you tell me how to ease my pain?  
Will I find a home to stay?  
I fear the sun and search for cooling rain  
Should I cry or should I pray

I'm watching the signs are wrong  
And losing my faith  
Mistrusting my friends around
