

Traveller In Time

Mob Rules

Traveller in time, pilgrim to our decade
Tells of a truth: a story never told
Traveller in time, pilgrim to our decade
Hoax or truth, his journey found an end
Your name, a footprint echo in our time
John Titor's legacy
Traveller in time, pilgrim to our decade
Time flies its way, your journey will remain

See the worlds in eternity, imagine supremacy
Of time and space, in a multiverse of chance
One man of dignity, visitor in history
His mission complete, his gift: a truth we need

Faith no more in democracy, forthcoming catastrophe
but man will survive: it's a multiverse of
Chaos - timelines flow in between, the era he has foreseen
In our remnant world
He's survived it all before

There is no place where you can hide
will you believe or deny it?

Traveller in time, pilgrim to our decade
Tells of a truth: a story never told
Traveller in time, pilgrim to our decade
Hoax or truth, his journey found an end
Traveller in time, pilgrim to our decade
Time flies its way, your journey will remain

Is it all just conspiracy, illogical theory
A fiction of man, this multiverse of chance?
What do you want to see? The fabric of reality just a threadbare lie
Or did he come through time and space?

Traveller in time, pilgrim to our decade
Tells of a truth: a story never told
Traveller in time, pilgrim to our decade
Hoax or truth, his journey found an end
Traveller in time, pilgrim to our decade
Time to choose your way, your journey beyond the grave
