

# First Day of Spring

Mobb Deep

Dangerous...  
Fuck is that son?  
Coming through, kid  
Clique coming through  
I don't know that nigga right there...  
C'mere, man!

Armed and dangerous  
Form a cold swarm, fatal outcome  
The mishap, couldn't outrun and got clapped  
Smarts and agility is what you lack  
Yo, you buck at this and we buck right back [x2]

'Cause you's a halfway  
Thug that you portray  
If you got locked, that ass probably come home gay  
Smack blood out your mouth, what the fuck you say?  
Break your feeble ass down, kid, you ain't in my league  
Forcin' me to bless you with something you don't need  
Yo suborder, y'all niggas aughta watch your speed  
Yo, word is born, I been doing this too long  
To let you newborn thugs try to come on strong  
Since a juvenile I been making streets hot  
While I was runnin' from cops you was practicing' jump shots  
World plant seeds in my mind, Strange Fruit  
Survivalist, basing my life on rap loot  
I blast one, won't hesitate to splash one  
Living every day in my life like it's my last one  
CNN, on again, pullin' a fast one  
Capone-N-Noreaga, the Infamous Mobb  
Your team want beef? Then my squad's on the job  
CNN, War Report, guerrilla squad  
Shittin' on my name? Speak blasphemy  
Khadafi, I'm on a level that you can't even see  
Don't get mad 'cause your shorty gave that ass to me  
Yo, you realize  
Two-Five will still shine  
In due time  
We all involved with crime

Crime, yo, check it out, yo  
Ayo, we bang like the Tunnel and jam like broken gate  
100 and 0 - nigga, go check the stats  
Q.B. - yeah that name hold weight and ring bells  
All you niggas shook, and it ain't hard to tell  
Major clientele, the infamous cartel  
Catch a buck fifty, gem star we scar well  
Hard luck, got gassed up and starstruck  
Then got stuck, in one stroke, the Mobb clutch  
Laid up, sipping' all types of shit, get your chick bent  
Talk the bitch to death 'til there's no info left  
Homicidal klepto, like the lye leave 'em petro  
Regulate the metropolitan  
Niggas getting' bodied and  
In the lobby and  
Lock the door, it ain't safe kid  
Take it how you take it

Grab a hold and embrace it
