Mobb Deep

R: Uh huh, uh huh

The Mobb comin' through, no doubt kid  
Schemin' in, layin' with the "Perfect Plot" ("Perfect Plot")  
We the first one's awoke and the last one to sleep  
And that's why we go the drop (Got the drop)  
Rip shows, hit hoes  
I'm the type of nigga that have your baby father vexed  
Whatever you say bounces off me and right back to you  
And if it get back to us then we clappin' you (What Duke?)

Born to be wild, push to the front of the crowd  
Top of the piles, state of the art, rhymes a 100 miles  
I layed on chocolate clouds  
Then pull out and blow on any clown  
Listen to the glow go round  
Cut my silencer, the most powerful weapon yet found  
Hold it down, my tongue that is, to bring the biz, keep it tight  
My mouth piece dispense my clips  
Fuckin' wit me, the scenery get highly intense  
Intelligent, gun buckers, duck fucka, you get bent ova  
I'm not signin' out soldier, rocket launcher  
Shank musketeer, face carved up  
But you need down shit for slow down kid  
Or get surrounded or pounded out, real quick  
Aiyo check out what the storm blew in...

R:

Check the main attraction of these raps shit  
The infamous slapped some shit  
On the track and get, the whole atlas wide open  
Is stuck on it, you need to hang it up like I wanted  
You shit borin', rappin' pourin' on your head like its stormin'  
Hell fire, Vietnam your whole outfit, get re-rounded  
Yo you bout it bout it, though I doubt it doubt it  
While your girl scouted, I be repin QB drownin'  
Box is the Heineken's, Gin bottles with handle  
Rubber handles and crack paper  
Get flipped and stack paper  
The beats flavor, make your pile more greater  
Fuck y'all Mobb haters  
We got y'all wives on the bed'er, while you playin' wit her  
We makin' her loose and turned on  
She loves when thugs is glowin', she get aroused  
When I walk around with the gun showin'  
The Mobb steady blowin' with this 9-8 shit  
Before I had my clip, before I had my cake  
A nigga wasn't shit  
Y'all niggaz wasn't feelin' this shit  
Now y'all hearin' it, get off my dick  
Y'all niggaz sick like a virus  
I wish one of y'all niggaz try this...

Though it was hav shit, spread the shit that was laced with death  
You all fucked up, should bring, no one to trust  
Walk in the street with the bag'acho and it's still Dutch  
Rep the 41st side and hold the title with pride and when it's on  
Use the infrared for guide, aim at yo renta  
I'm like liquor in the winter, keep it warm, but make things  
Extra high when you enter, fuckin' faggot
