

# Mother

Mobile

Mother, I feel like all my days are numbered  
Mother, I need some redemption  
I remember when you took me down by the city lights  
We used to stare at the red fading skies

You can cry, you can crawl  
You can blame anyone  
Every time you are up to no good  
You can swallow your pride  
You can unchain your mind  
But I'm here to make sure  
That you still got the will to carry on

Mother, I came home to surrender  
Mother, I stand accused I have faltered  
I watched all of our pictures fade on the wall  
My eyes are empty like never before

You can cry, you can crawl  
You can blame anyone  
Every time you are up to no good  
You can swallow your pride  
You can unchain your mind  
But I'm here to make sure  
That you still got the will to carry on

someday, someday you'll see  
Sound changes everything  
Someday, someday you'll see  
there's nothing to fear  
Oh please don't you shed no tears

You can cry, you can crawl  
You can blame anyone  
Every time you are up to no good  
You can swallow your pride  
You can unchain your mind  
Every time you are up to no good  
You can cry, you can crawl  
You can blame anyone  
But I'm here to make sure  
That you still got the will to carry on
