

Pound On The Way

Mod Sun

I got a pound on the way
and it straight from the bay
Took that shit to LA
Gon flip it be straight
Got a pound on the way (count it up)
Got a pound on the way
Bout to make 2 months of rent in about one day
Bout to call up my people n tell em we about to get a raise
Got pax on the highway
They head like my way
Going like five ways
Been working like five days
I've been working like its never gon be Friday
Got a pound on the way
It came straight from the bay
Took that shit to LA
Gon flip it be straight
Got a pound on the way (count it up)
Got a pound on the way
Pound on the way [x6]
And I never been down with your off brand bullshit
Why your tree looking like it been stepped on
I be like what's with that was up that you talking bout
Man I never heard of that
Pound on the way
It came straight from the bay
Took that shit to LA
Gon flip it be straight
Pound on the way (count it up)
Pound on the way...
