

I want to saw electric currents
Come on and grow myself a fin
Hang out in most of Kubrick's movies
And smile at everything
Smile at everything
But it's not happening

Hey, did you notice the fin I'm growing
It came today
Looks like creating
Something amazing
It's sinking in
But it's not happening

I want to speak like Richard Burton
And ride the crest of a wave
To seem more full than what is empty
Enjoy all today
Enjoy all today
But it's not happening

Hey, did you notice the fin I'm growing
It came today
Looks like creating
Something amazing
It's sinking in
But it's not happening

And so I've got my re-admission
And it's exactly as I thought
And it is happening

Hey, did you notice the fin I'm growing
It came today
Looks like creating
Something amazing
It's sinking in
[x2]
And it is happening
