

The Prize

Modern English

The waiting's done
That wait from year to year
The water's gone
Another souvenir
The prize for some
For me the prize is clear

The prize is in your eyes Lies and more lies, lies and more lies
It's the race you run
Open up those eyes
Reveal lies

To see what's real
Relax with me and feel (repeat)

The prize is in those eyes Lies and more lies, lies and more lies
The wait is done
Your face tells me I'm real
I smile at you
Another souvenir
We laugh aloud
To me your lies are dear

The prize is in those eye (lies and more lies) it's the race you run
