

10 Seconds to Countdown

Modern Talking

You the best-for all of times
You beat the rest-you're in my mind
Don't take away-this dream in me
Don't leave me here in misery
You are the best-from coast to coast
From east to west-love you the most
It's hard to win-you try your best
And we are sure-you'll beat the rest

10 seconds to countdown
10 seconds to know
Who will be the hero
Everybody loves the show

You are the champ-a hurricane
From heaven sent-you win again
Oh tell me where-the hero's gone
But you are here-we can't go wrong
The price is high-when dreams come true
Oh we can fly-it's up to you
It's hard to win-you try your best
And we are sure-you beat the rest
