

## All Night Diner

Modest Mouse

Yeah, yes, yes  
Have I told ya  
You could really get it on?  
I was at an all night diner  
The sign said, "Triple X"  
But they were talking about root beer  
I'm just sitting down  
Thinking about nothing  
Looking at the thin air  
Breathing up the oxygen  
Have I told ya  
You could really get it on?  
A guy comes up, looking pretty 8-ball  
Snaggleteeth smile, sits down at my table  
Puts his arm around me, starts to share his information  
He said, he said, he said [x4] this is what he said  
"I have sex, I'm always thinking about the pavement  
So I can avoid premature ejaculation"  
I got up, remembering to thank him  
Better things to do so I'll start drinking  
I'm in Tahoka, now I'm gonna hook up  
With the parties, unfortunately  
No one has any ideas, damn  
Have I told ya  
You could really get it on?
