

# Karma's Payment

Modest Mouse

Uh-oh down low  
I am not who I want to be  
I probably will not ever be  
I drove my car on June 14th  
I drove it right on down the street  
I had not had any sleep  
So I ate Mini thins to stay awake

You crashed your car right into me  
There's two days I didn't sleep  
Uh-oh down low

I am not who I want to be  
I probably will not ever be  
I took a trip down to California  
Karma payment plan

My car broke down out in the street  
The radiator sprung a leak  
I met this guy he said that he could help me  
I'm on the karma payment plan

We went to his house and did some speed  
He said karma would pay for this deed  
He got it fixed and he started to scare me  
I ditched him eventually  
And came back for the van  
The next morning

I'm on the karma payment plan  
I went to LA the next day I got  
Jacked in a real bad way  
I can't tell you  
Its a long story
