

Give Me Liberty (or Give Me Your Love)

Moe Bandy

Give me liberty or give me all your love.

Darling lately you've been talkin' in your sleep
Your old used to be has tempted you to leave
If you think you want him more than you want me
Let me know so I can go my separate way.

Give me liberty or give me all your love
Darling being almost true ain't good enough
Either set me free sweetheart or give him up
Give me liberty or give me all your love.

Darling let your love light shine or turn it off
Even fools like me grow tired of climbin' walls
If you're tired of holdin' me then let me fall
I want all the love you've got or none at all.

Give me liberty or give me all your love
Darling being almost true ain't good enough
Either set me free sweetheart or give him up
Give me liberty or give me all your love.

Give me liberty or give me all your love...
