Nobody's Waiting For Me

Moe Bandy

Talk about your good times Lord I've had me some Laughter comes easy to a man when he's young But I've growed too far on this ole whiskey dream And nobody's waiting for me.

Nobody's waiting for me to come home Nobody's waiting for me I'm just somebody nobody needs And nobody's waiting for me.

I used those who loved me and I've spent all my friends Never thinking beginnings would come to an end Now I'm not a part of anyone's dream And nobody's waiting for me.

Nobody's waiting for me to come home Nobody's waiting for me I'm just somebody nobody needs And nobody's waiting for me.

And nobody's waiting for me...
