## **Break Her Down**

It never happened never will Its not a memory there's no way to prove this isn't real Never happened never Your not a victim I'm not to blame You've seen my honest smile My pretty face and all my gentle ways Never happened never She knows its a sin Break him down break her down again Its a sin Force him down force her down again If you play quietly I'll let you go If you play quietly No one here will ever ever know Never happened never She knows its a sin Break him down break her down again Its a sin Force him down force her down again So please remember me I never meant to tell you lies So please remember me The one who stroked your hair and dried your eyes I never wanted this to be I never wanted this to be so I never wanted more I never told you lies I never wanted more I'm just a boy never wanting never She knows its a sin Break him down break her down again Its a sin Force him down force her down again
