Ours is the legacy of waste  
Waste all the things we turned to dust  
Simple if we would like to find  
Punished by words I'm takin  
Finally pressed youd like to know  
Known for the trip unfolding  
Pleasantries building as we go  
Timid the way ill take it  
Now memory is over memories over  
Are you still remembering  
Never meant to go there  
Are you still remembered  
All through the dress I lie awake  
Tearful as I've been ginding  
Only in your mind to make  
Helpful or not I take it  
Now memory is over memories over  
Are you still remembering  
Never meant to go there  
Are you still remembered
