

Somebody Somewhere

Moloko

Yeah yeah yeah yeah
You've got something to hide
The party is humming
Something there's something inside
Makes you act like you're slumming

All right I might give you a try
But I know that I'll live to regret it
Go on spin me a line
I have cause to expect it
Lead me then lead me astray
Romeos tend to have eyes that stray

What will you say? what will you say?
What will you say when I ask you to stay?

Someone somewhere
There's more to you than meets the eye
Someone somewhere
Someone somewhere you left behind

Sweet child learn to relax
It's already decided
Sit back don't tamper with fate
Our stars have collided
Would you dance with me baby
The party is swinging
Don't just whistle the tune
When you should be singing

Easy momaceeta
Lay down next to me
Inside there somewhere your spirit is free
Frigid little bridget
Lay down next to me
You're shaking, you're waking
Your spirit is free

Someone somewhere
There's more to you than meets the eye
Someone somewhere
Someone somewhere you left behind

Someone somewhere
There's more to you than meets the eye
Someone somewhere
Someone somewhere you left behind

Your spirit is free
Your spirit is free, baby
Listen to me
Your spirit is free baby

Yes my spirit is free
It just won't let me be
I'm empty. I'm hungry
My spirit is free

Ready me. ready me
Ready me to receive
I believe, I believe.

Yes my spirit is free
It just won't let me be
I'm empty. I'm hungry
My spirit is free

Ready me.
Ready me to receive
I believe, I believe, I believe

Your spirit is free
Your spirit is free, baby

Someone somewhere
There's more to you than meets the eye
Someone somewhere
There's more to you than meets the eye

Someone somewhere
There's more to you than meets the eye
Someone somewhere
There's more to you than meets the eye

Someone somewhere
Someone somewhere
Someone somewhere
Someone somewhere

Someone somewhere
Someone somewhere
