

Suicide Song

Money

One, two, three, four

I know some of us need it
I know some of us need
To turn the light into dark
It's remarkable that some of us can't

This is your suicide song
This is your...
This is your suicide song, oh

I know some of us see it
I know some of us need
To turn our minds into one
But that just ain't too much fun

This is your suicide song
This is your...
This is your suicide song, oh
