

# U Should've Known

Monica

I didn't ask to go with you to Mexico  
I really didn't need the shopping spree  
And La or Melrose, boy if you didn't know it  
Now you know, I didn't need the furs or the jewelries  
Because martial things don't mean much to me  
And ever since you been gone  
I have been holding us down on my own

I never ever cheated  
I never ever lied  
So you can stop asking me asking me why  
Why I never left you, and why I kept it real  
And why I'm still with you

You should've known better than to think I would leave  
You should've known better than to doubt me  
It don't matter if you are up  
Matter if you are down  
Either way I'm gonna be around  
You should've known that I would stay by your side  
You should've known your girl was gonna ride or die  
And it just don't matter if ya rich or poor  
Out or in doing 5 to10  
You should've known better

What makes you think that I would forget about you  
Think about it who comes to see ya  
Every Saturday and Monday I was on that receiver  
Its me your girl your life your world  
My family your friends they just don't understand  
They say I should just leave you lone  
But I say that they should just leave us lone  
Don't you get it

I never ever cheated  
I never ever lied  
So you can stop asking me asking me why  
Why I never left you, and why I kept it real  
And why I'm still with you

You should've known better than to think I would leave  
You should've known better than to doubt me  
It don't matter if you are up  
Matter if you are down  
Either way I'm gonna be around  
You should've known that I would stay by your side  
You should've known your girl was gonna ride or die  
And it just don't matter if ya rich or poor  
Out or in doing 5 to 10
