

Touch It

Monifah

Yeah, yeah, yeah

Jack Knight and Dakoda House
All we wanna do is make you bounce
Monifah, would you turn me out?
Show me what your thing is all about

Jack Knight and Dakoda House
All we wanna do is make you bounce
Monifah, could you turn me out?
Show me what your thing is all about

Do you really wanna touch it
Do you really wanna mess with me tonight
Oh, and if you know how I like it
Would you call my name and give it to me right

Could you just put that thing on me
So I can just freak on you
And you could just freak on me
And I'm gon' give it to you all night long
I'mma show your body what your lips are doing wrong
Ooh

Do you really wanna touch it
Do you really wanna fuck with me tonight
Oh, and if you know how I like it
Would you call my name and give it to me right

So love just feels so good to me
Could you just move it on up cuz I want ecstasy
And I'mma give it to ya all night long
I'mma show your body what your tongue's doing wrong
