## Monkey Business

Branded  
Straight up  
Son of a gun  
The way it has to be done  
I am branded

Branded  
Know my own desires now  
The way it has to be done  
Branded  
Know all my desires now

Sweet like the sugar  
When I hide  
The way it's gotta be done  
Sweet like the sugar  
I am sold  
We're on-line  
I am alone and we're all together  
I was trying to hide outside  
But you pulled so hard  
Did it suddenly  
Leaning down on me  
Now it's easy to see  
Where it ends

Branded  
Know my own desires now  
The way it has to be done  
Branded  
Know my own desires now

Sweet like the sugar  
When I hide  
The way it's gotta be done  
Sweet like the sugar  
I am sold  
We're on line  
I am alone and we're all together  
Now it's easy to read my mind  
Show me things to find  
So you're leading me  
To my destiny  
Tried to give up my seat  
Not a chance
