

## Dirty

## Monkey Business

I feel like...  
I am feeling like dirty

Dirty  
I am dirty  
I don't care for your lovely credos

Dirty  
I am dirty  
Finally I found you  
I won 't live without you

Face is out of my head  
I don't know why I am eating  
Lorraine A bottle of wine  
Way to go Drop the meeting  
You know I am reading your mind  
Have a drink as I told you  
Have a feeling Oh my man  
I am just about the only one to feed you right

Do not worry about me...

Dirty  
I am dirty  
I don't care for your lovely credos  
Finally I found you  
I won 't live without you

Before the end of the night  
I'll be king I will hold you  
Rolling out of my mouth  
Are the words to control you  
The way this party may go  
For a song I will own you  
Have a feeling Oh my man  
I am just about the only one to feed you right  
Do not worry about me...
