

Eat Me Oh My Lady

Monkey Business

Eat me oh my lady
I wanna do you wanna too
Eat me oh my lady
I'll take you to Xanadu
Love oh
I will have to cool this
'Cause when we kiss
It's not just one of those kisses
You Go down
We'll play a freaky note
Play it all night long
Eat me oh my lady...
Love oh
No substitutions
I never miss
I will start up your juices
You Oh boy
The dam is broken now
And the walls go down
Eat me oh my lady...
I got fed up with crusties
Because you drank all the pastis
I want to see what lust is
You'll get your poetic justice
Eat me oh my lady...
